Summer Remote Learning: Ages 13-19

Course Descriptions

COURSE	DESCRIPTION
Adulting 101	Adulting can be difficult, but it doesn't have to be scary. Take this class to learn some great skills to help you become more independent.
Audition Prep	As an actor, auditioning is part of your job. So why do we put so much stress on the process? Sign up for Audition Process where you will learn the ins and outs of nailing your next audition, selecting an appropriate monologue, creating the perfect 16-32 bar cut, and much more.
CARE Drama Class	Join CPH's theatre education program that uses exercises to help students develop empathy and broaden their understanding of each other and the world around them, empowering them with valuable tools that can be applied throughout their lives.
College & Career Planning	Nervous about what comes after getting that high school diploma? Not sure where to start when looking for colleges or choosing a career? Join this class to explore your options and to make a plan for the next years of your life!
Dance (Hip Hop & Jazz Funk)	Get on your feet! In this fun class, you'll learn the basics of hip hop and jazz funk dance.
Film Acting	Designed to incorporate skills learned in basic acting classes into the medium of on-camera performance. Students will learn framing, film vocabulary, on-camera blocking, scene study, and film acting techniques. Each student will be assigned their own monologue to work on throughout the course of the class. Accessibility of webcam camera is highly recommended.
Fitness	Start the day off with a healthy heart. CPH Staff will lead fitness and cardio activities that are suitable for the whole family.
Intro to Ballet	In this class, you'll be introduced to basic ballet steps and positions and learn to tell stories through movement.
Musical Theatre	Build your storytelling skills and vocal technique by exploring the world of musical theatre!
Puppetry for All Ages	Expressing ourselves through puppetry is an age-old human activity. And it's just plain fun. Within a warm, non-threatening, encouraging atmosphere, we'll take advantage of this time of social distancing and isolation to dip into our creative side making puppets from items we find just lying around us.
Self-Care During COVID-19	Social Distancing and isolation got you down? You're not alone! During this time, it's important to take care of your mental health just as much as it is to take care of your physical health. Join this group to learn techniques for self-care during quarantine.
Slam Poetry	Everyone has a story inside them. Join this class to get those creative juices flowing and learn techniques on development and delivery of this spoken word art form.
Teen Entrepreneurs	Are you ready to build your empire? First you have to learn the skills that pay the bills. Take this class to learn business basics.
